KEY ELEMENTS

Application:

- ❖ Take care to answer all questions to the best of your ability.
- ❖ Make sure that you spell your name correctly and in English; do not use diacritical markings, and if you only have one name, use the last name field.
- ❖ Make sure that the information you added into the online application text boxes completely displays. (*You should not need to scroll down to see all the information. If you do, then you have entered too much information. What does not display in the text box will not be viewable.*)
- ❖ On page 2, list all post-secondary schools attended –not just schools at which a degree was awarded—and list in order of those most recently attended.
- ❖ On page 2, list all academic, professional, and personal awards and honors achieved.
- ❖ On page 4, a clearly articulated study objective or academic goal statement is an important component of your application. This is your opportunity to state what you want to study and hope to achieve. Be specific.
- ❖ On page 5, your personal statement provides you with an opportunity to pull all the pieces of your dossier together. You can both highlight your strengths and address any inconsistencies or perceived weaknesses. This statement is about you and your experiences (Who are you?)
- ❖ On page 6, please feel free to insert your resume or a CV (curriculum vitae)
- ❖ On page 7, feel free to scan in copies of your student transcripts. (*Please note carefully, official transcripts prepared by the schools you attended will still be needed.*)
- ❖ On page 10, University Preferences, you can indicate your school preferences and share any other pertinent data that someone handling your placement should know.

Letters of Reference:

- ❖ Important! Ideally should be from people who know you well in a professional capacity.
- ❖ You might want to focus more on work contacts OR on academic contacts. It depends on what is weighed more significantly by the admissions committee—your work experience or your academic background. This will vary by your field of study.
- ❖ Referees should be able to speak to your strengths.
- ❖ Referees should be chosen so that they say different things about you.
- ❖ Note, in some educational systems the reputation of the referee is important. However, in the U.S. this is not a consideration if the referee does not know you well.
- ❖ We recommend that your referees complete the online reference letter. You register them as part of the online application process. However, if they cannot, you can access all supplemental forms, including the letters of reference at <http://foreign.fulbrightonline.org/fulbrightpage.html> .

Academic Transcripts and Translations (sometimes referred to a mark sheets or degree statements):

- ❖ Transcripts must list all courses and/or subjects taken and the grades received. Ideally they should indicate when the course was taken. Usually they contain a 'legend' which will explain what an 'excellent' grade, a 'passing' grade, etc. is. (*Please note, a description of the course is NOT needed.*)
- ❖ Must be official. In other words, they must be certified by the school, e.g. the Registrar's Office or Controller of Examinations (*NOT a professor or other legal authority*) and be forwarded in an envelope that has not been opened by the student.
- ❖ Must be in the official language of the country unless your school provides official transcripts in English.
- ❖ If a translation is necessary, it can be issued by the school or by a qualified translator. Translations must be literal—not interpretive.
- ❖ Note, for those individuals studying in Europe and completing a Bologna-compliant degree, a diploma supplement in English is also needed.

Test Scores

- ❖ Need official test scores sent from the testing institution. Can initially use an 'examinee' copy, but eventually will need "official" test scores.
- ❖ When taking the test, please make sure to indicate IIE as a test recipient
 - For TOEFL and all GRE exams, the code is 2326
 - For GMAT exams, the code is F0F-4J-28
